Priest by Sierra Simone (1) It ' s no secret that reconciliation is the least popular sacrament. I had many theories as to why: pride, inconvenience, loss of spiritual autonomy. But my prevailing theory at the moment was this fucking booth. I hated it from the moment I saw it, something old-fashioned and hulking from the dark days before Vatican II.

~~Signed Books — Sierra Simone~~

"Simone's books are not for the faint of heart, and Sinner pulses with a heady eroticism throughout. In exploring the intersection of carnality, desire, and spirituality, Simone grapples with questions of faith, God, and grief in more moving and profound ways than the most gifted of theologians. When many romances still can't escape the implications of morality in their engagement with sex, Simone writes God into the most instinctual and human of all acts.

Priest: A Love Story Jun 29, 2015. by Sierra Simone. (1,568) \$4.99. There are many rules a priest can't break. A priest cannot marry. A priest cannot abandon his flock. A priest cannot forsake his God. I've always been good at following rules.

Priest – Sierra Simone. Author. Luisa Rivas-Martinez. Published on. May 11, 2018. This book blew my mind! It was such an extraordinary mixture of sacred and profane, dark and sweet, passionate and religious. The author ' s excellent prose and research filled this book with biblical facts, human passion, colorful descriptions of the life of a man who was, at times, deeply sexual, utterly religious, devoted to his parishioners, compromised with community life, and yet, kinky and spiritual.
