HomePod is a breakthrough speaker with high-fidelity audio that adapts to its location. Both help you take care of everyday tasks with Siri, control your smart home, set up multiroom audio, and send Intercom messages to every room. HomePod and HomePod mini keep everything private and secure, and only listen for "Hey Siri."

HomePod - Apple

The HomePod is Apple's take on the smart speaker. The design is very Apple, so is the entire thinking around the product. It has a stunted cylindrical look and is much smaller than the Echo Studio which it will compete with in the Indian market. The fabric finish is soft and the speaker has a slight cushiony feel when you hold it.
